BIBLIOGRAPHY FOR THE ROLE OF CEMENT IN FRACTURE MANAGEMENT

MATERIAL SCIENCE

**DISTAL RADIUS FRACTURES**

TIBIAL PLATEAU FRACTURES

PROXIMAL FEMUR FRACTURES

Ker NB, Maempel FZ, Paton DF. Bone cement as an adjunct to medullary nailing in fractures of the distal third of the femur in elderly patients. Injury. 1984 Sep;16(2):102-7.

CALCANEAL FRACTURES

VERTEBROPLASTY

Robb-Nicholson C. By the way, doctor. I'm interested in having vertebroplasty, the treatment for vertebral fractures mentioned in your august issue. When I called Medicare to see if the procedure is covered, I was told "Only if the FDA has approved it." but when I checked with the FDA, I found that no one had applied for approval. Why is this? Is there some way to get vertebroplasty? Harv Womens Health Watch. 1999 Dec;7(4):8. No abstract available.

CRANIOMAXILLOFACIAL APPLICATION

OTHER APPLICATIONS

**Bohner M.** Calcium orthophosphates in medicine: from ceramics to calcium phosphate cements. Injury. 2000 Dec;31 Suppl 4:37-47. Review.
